Chicago Feb: 17th 1849

Hon: Salomon Lincoln

Dr Sir.

Our friend Jno: H Kinzie Esq
visits Washington City with a view of soliciting under
Gen: Taylors administration, the appointment of Receiver
for this Land district. there is no one in this commun-
-ity to whose appointment would be more satisfacto-
-ry to the whig party, or in whose capacity and in-
-tegrity the Goverment could place more reliance.
you are doubtless aware that Mr Kinzie received
the appointment to this Office from our lamented
Gen: Harrison & removed by Mr Tyler on political
grounds. this fact I think should have its weight
in reinstating him. Mr Kinzie has filled several
Offices with honor to the Goverment & credit to him-
-self, which is a guarantee for his future course in any
appointment given him. he is an unflinching whig in
principal, & always given his time and influence to
the good cause. Any assistance you can render
him in promoting the object of his visit will be
remembered as a personal favour. permit me
to say that your efforts in his behalf will meet
with the warm approval of our party generally
in this quarter.

I have the utmost confidence in him

Yours truly
G. S. Hubbard
