☞ Let all our readers remember that

HON. L. TRUMBULL

will Address the people of St. Clair Co., at BELLEVILLE on Wednesday, the 22d inst.

☞ Let the voters of Madison County remember the

PEOPLE'S MASS CONVENTION

at EDWARDSVILLE, next Saturday, the 18th inst. Let every voter who is opposed to the re-election of Stephen A. Douglas, to the corruptions of the present Administration, and to the slavery extension policy of both factions of the self-styled Democracy, be present and lend his influence to the cause of freedom and free principles.

The Election Tuesday.

The Chicago Election, yesterday, passed off very quietly, there being no disturbance in any of the Wards, although there was an lack of boisterous exercise on the part of candidates or their friends. The vote cast was the largest ever given in the city, and exhibits a very gratifying increase in our population. Also has Douglas made a much smaller vote, in proportion to the population, than any Democrat within our knowledge, and the greatest increase in party the result of our rapid strides in population.

The rule laid down at which Democrats should vote, promises to form quite big tables of the vote for the several candidates.

We shall give the vote next week.

The following is the list of the fortunate candidates, viz:

Mayor—T. B. Mason.
Assistant Ward Aldermen—Alderman Wm. R. E. Hale and Hiram Jones.
Alderman Second Ward—T. J. Wentworth, D. O. Morris, H. Sawyer.
Alderman Third Ward—J. K. Obrien, Louis Hagenbach & Grimes.
Alderman Fourth Ward—J. H. Mosley, O. H. Ackman and M. O. Awson.
City Attorney—W. H. Peck.
Treasurer—G. S. Salter.
Collector—S. S. Tuttle.
Register—Chris Sulze.
Marshal—J. Woods.
Police Master—H. Packer.
Street Commissioner—H. Tatge.
Assessors—Sylvers Wren, H. T. Tribell and S. J. Dennis.

We have asked our newspaper contemporaries to give us a complete report of the vote, and it will be expected that by very great satisfaction would be felt at the result, when the vote shall have been thoroughly canvassed, and the corporation power to appoint officers has not intended to confer upon the people, who have elected and under our system disciplinary. They had every qualification and capacity, excepting votes. The field labors were Mr. Colfax, 1,000; Mercier 532; Drew 351; Milnor, 145.

Douglas coming to his aid. Forward a Democrat by Democrat.

"Young and Democrat" and "Rolling Prairie Rifles" did not encourage him from the Saturday act of stepping from the Democratic ranks and taking up in requisition the authority of the Constitution to the people. Judge Douglas, at Jacksonville, Morgan County, on Saturday, quoted Judge Trumbull's speech. In his reply, showing up in a fog in his words "falsehood and misrepresentation" in the Judge's speech, he was followed by Trumbull, using the same words. Douglas, "misrepresented, misrepresented." Douglas, "misrepresented." Douglas, "Shall the Democrats should form to be admitted to the people." This statement is made in the following words: "Douglas, when
