

To the Honourable, the Congress of
the United States

Your petitioners would respectfully pray, the extension of the present-mail route, from Memphis Ten. to Panola Miss to Coffeeville. This arrangement would give mail facilities to the rich & thickly settled country, between Panola & Coffeeville - Connect the two Horse Crack line, that now runs between Memphis & Panola with the main Southern stage route from Vicksburg, by way of Carrollton, Grenada & Oxford to Holly Springs - supply ^{us} ~~the~~ country with the Southern mail one week sooner than at present - & the distance from Coffeeville to Memphis is thirty miles nearer on this route than any other - Your petitioners pray the passage of a law, affording ~~the~~ these advantages & they will ever pray &c.
