1 Resolved that the Committee on Post Offices and Post Roads be instructed to inquire into the expediency of providing by law that deputy Post Masters, instead of the compensation now allowed them, shall receive the rate of Commission specified in the act passed on the 1st day of March 1847 entitled "An act to amend the act entitled "An act to reduce the rates of postage &c," — said Commissions however to be computed on the quarterly receipts of their offices instead of on the annual receipts as in said act is provided —

2 Resolved that said Committee inquire into the expediency of further providing ^{that} the Post Master General be authorized in his next settlement with the deputy Post Masters, to carry back his computation to the ~~1st day of March 1847, and then~~ on the basis of the foregoing resolutions to the 1st day of March 1847 and ~~to~~ allow to said deputy Postmasters any balance which may appear in their favour ~~on~~ such computation
