

Nixburg Coosa Co Ala

Dec. 9th 1847

To the Hon. Sampson W. Harris

Whereas under the present
arrangement of the mails through this section of Country
our mail facilities are limited & very many
near us are the undersigned would respectfully
petition to the Hon. body to which you belong
to establish for us and the community through
which it would run a mail line as follows
to be carried on horse from Wetumpka by
Nixburg, Rockaforty, Grangerville, Goldville
to Meadowe & back twice a week & if it
cant be had twice give it to us once a week
the offices by which it will run pay very
well and in establishing the route as proposed
it will supersede the necessity of the route now
established from Rockford to the above named
places and answer a great deal better purpose
your strict attention to this petition will much
oblige your numerous friends
