We shall make the reports as full and fair as possible, and, to effect this, all other matters in the Globe will be postponed; its first object being to suit it to the function to which it is dedicated—that of a full and fair Congressional record.

Any correction or extension of our reports which you may desire to make will be attended to by us, if you will write it out and give it to either of the folders behind the Speaker's chair, (with whom boxes are left to receive them,) before 2 o'clock, p. m., the day after the debate.

Respectfully,

BLAIR & RIVES.
