

To the Honourable Congress of the United States of America— Your Petitioners would represent that a mail route from Point Commerce in Greene County Ind— To Carlisle in Sullivan County by the way of Linton would greatly accommodate a strong and increasing settlement and trading community would be benefited by ~~the~~ the establishment of said route— And it would obviate the necessity of that part of the Vincennes & Fairplay route from Linton to Fairplay.

We would represent that the present circuitous route from Point Commerce to Carlisle is by the way of Vincennes a distance of seventy five miles— which would be overcome by a distance of twenty five miles on the proposed route— We therefore pray you Honourable Body to establish the route aforesaid— And your Petitioners will ever pray—
