

To the Honorable the Senate and House of Representatives of the United States in Common Council Convened.

We the undersigned Supervisors of the County of Walworth assembled in Special Session at Elkhorn in said County, would most respectfully represent to your Honorable Body that there is great want of Regulations in many of the mail routes running from different points on the Lake into the interior of the Territory and particularly through the Counties of Walworth & Rock. and they do therefore request that a tri weekly mail route may be established from Milwaukee direct to Beloit through Troy, Elkhorn, Delavan, Darien, Allen Grove, & Centona this being one of the greatest thorough fares through the Territory and from the largest City to the largest inland town in the Territory and no continuous mail route has ever yet been established through on this territorial road.

January 5 1848
