

Trenton June 15th 1849

Friedl Lincoln

You will receive a small
petition to which my name is appended
This on the part of the friends of the person
recommended gives a little of the clandestine
I could not well refuse to sign as I knew the
Doctor to bear, a good man, and the only objection
I have, is that his master ^{with} Abolitionists
his to me is an insuperable objection, still as such
I have no doubt he will, be well attuned & fitted to the
duty of the office. Dr. David Roberts is also an Anti
Slave, all I can say of him, and what very body
else will remark, that he is honest Capable - And need
no other man than my Dr. Eliza, having a large family
to support, and my best help - The Briggs family goes
for Robert - I have need a rather letter from my nephew
Maxwell, I can only reiterate, what already stated, that
he is honest, and capable,

Yer friend
