

Pittsford Illinois Sept 6 1849.

Sir

Major Hart Bellows of Schuyler County contemplates removing to Oregon; and an appointment to one of the vacancies in that Territory would be very acceptable to him. You are so well acquainted with the Major that it is unnecessary to speak particularly of his Character and qualifications for office. His integrity and Talents command respect & confidence wherever known. His qualifications for a judgeship are highly respectable, and for the office of Secretary of the Territory no one has greater. We therefore earnestly and cordially unite in recommending Major F. to your kind offices, and respectfully request that in a letter to the proper department, you will urge and enforce the application of the Major and you will much oblige

Your Friends.

C. H. Browning
