Hon. DAVID DAVIS:

DEAR SIR—The undersigned members of the bar in Springfield, would respectfully request your assent to an announcement of yourself as a candidate for re-election to the office of Judge of the Circuit Court, in, and for this judicial circuit.

Gentlemen:—I am in receipt of your favor, of the 30th ult., soliciting me to become a candidate for re-election to the office which I now hold.

I am also in receipt of similar communications from other counties of the circuit.

The unanimity of the bar in Springfield in making this request, and the approbation which they have been pleased to bestow upon my judicial course—is very gratifying to me.

The question of my longer continuance in office, has engaged my thoughts for some time past; and the near approach of the election rendering a decision necessary, has not lessened my reluctance [illegible] one.

[illegible] be unprofitable to trouble you with the [illegible] my own mind on the subject. As the result [illegible] ve my assent to announce me as a candidate for re-election to the office of Judge of this Judicial Circuit.

Most truly, your friend and ob't. servant,

EXTENSION OF GAS PIPE.

The Gas Light Company are making preparations to lay pipe to all parts of the city where probabable consumption of gas will justify them.

Persons who desire to have the gas introduced into their neighborhoods are requested to make immediate application to the Company, as the pipe to be laid this summer must be ordered in Cincinnati before the first of May. In determining on the extension of their pipe, the company will be governed by the applications made.

Public lamps will be put up wherever the pipes are laid, and persons who desire an early extension of the line of public lamps from the public square to their neighborhoods as well as the introduction of this cheap, convenient and beautiful light into their house, should at once apply to the company.

CONSUMPTION CURED.

TESTIMONY OF A PHYSICIAN.

Messrs. Baker & Co.—DEAR SIRS: The public generally are fully aware of the thousands of remedies for Diseased Lungs, under the titles of Sarsaparillas, Pills, Plasters, Liniments, &c., that are daily brought to their notice through the newspapers, by way of advertisements.—My object in writing this note for publication is to induce the public, or at least those who are afflicted, (if they will use patent medicines,) to use one that contains articles *REAL USE* in *PULMONARY DISEASES*. I am conscious that, in so doing, I am acting most unprofessionally, and derogatory to the interests of medical science and the regular practitioners of medicine.

The medicine to which I refer is *"DR. HALL'S BALSAM FOR THE LUNGS."* I have prescribed it, in a large number of cases, and *ALWAYS WITH SUCCESS. One case in particular*, to which I wish now to refer, was *GIVEN UP* by *SEVERAL PHYSICIANS* who had been called in consultation with myself. The Patient *had all the symptoms of confirmed Consumpt on*, such as Cold Night Sweats, Hectic Fever, Harassing Cough, with continued *pain* in the *lobe* of the *Right Lung*, attended with severe Diarrhoea! He commenced immediately to get better, by the use of the above named medicine, and was *soon restored* to his *usual health!* I have also found Dr. Hall's Balsam the *most valuable Expectorant* for breaking up distressing Coughs and Colds that I have ever used.

Cincinnati, Nov. 2, 1849. W. D. WRIGHT, M. D.

MORE PHYSICIANS' TESTIMONY.

We, the undersigned, Physicians of Cincinnati, certify that Dr. Wright's statements are entitled to the fullest confidence of the public, and we can fully corroborate what he has said, having used *DR HALL'S BALSAM* in a number of cases, with the happiest effects.

☞ To the Physicians of Illinois---and to all who use Liquor as a Medicine or as a beverage.

Physicians who proscribe Alcoholic Liquors for medicinal purposes should give the preference to WOLFE'S SCHIEDAM AROMATIC SCHNAPPS.

1. It is manufactured in Schiedam, in Holland, and exclusively in the factory of the proprietor, by processes and from material elsewhere unemployed and unknown.

2. It is proved, by the repeated analysis of several eminent chemists to be entirely free from the pernicious fusil oil which remains in every kind of liquor distilled from grain, and which is the cause of the nervous and visceral derangement, serious congestion, and morbid desire for habitual and intemperate indulgence, which such liquors invariably tend to superinduce.

3. It is proved by the same unerring tests that the Juniper Gin is not flavored with the coarse, acrid and indigestible oil of Juniper heretofore used, but with the specifically lighter, more volatile, aromatic and medicinal of the two essential oils of the Italian juniper berry, neglected by every other manufacturer.

4. It is chemically proved to be absolutely pure in its rectification—a quality obtained by an entirely new process, and which no other Holland Gin in the world has acquired.

5. It is proved by extensive medical experience and testimony to be an efficient as well as an agreeable remedy in many cases of incipient dropsy, gravel, chronic gout, rheumatism, flatulence, colic, concretions in the kidney and bladder, dyspepsia, fever and ague, general debility, sluggish circulation of the blood, deficient assimilation of food and exhausted vital energy.

6. It is a most grateful and renovating cordial, and when used as directed, never inflames the system, or induces inebriety, but tends rather to subdue the latter frailty, by creating a dislike to all inferior liquors. And it invariably corrects the ill effects of bad water, whether in swampy, or limestone districts. In all of these enumerated localities it has no rival in any market in the world.

Since the introduction of this celebrated medicinal beverage into the United States, a number of Liquor Houses in New York and our other large cities have commenced counterfeiting it. The genuine is only sold in quart and pint bottles, handsomely wrapped in yellow paper, with my name on the bottle, cork and label. I would advise those who use it medicinally, to purchase by the bottle, as Bars and Hotels, frequently fill my bottles with common gin and sell it for genuine. For sale by all the respectable Druggists in the United States. UDOLPHO WOLFE,

18, 20 and 22 Beaver St. New York.

The word "Schnapp" belongs exclusively to my article, all others are counterfeit.

☞ THE COST OF AN EYE, or the value of an eye has heretofore been considered an unanswerable question, that organ being considered above all others the most precious and the least to be spared—but we have lately heard of a case in our city—where not only one, but a pair of the most beautiful and sound eyes were purchased for the sum of one dollar. The case was this and can be attested by numerous respectable citizens of Springfield who were familiar with the case. Mr. I. Stringham bought a horse for $40, in every way an extra fine animal, with this exception, he was totally blind; by making a judicious investment of one dollar, he increased his value to one hundred dollers.

We give his own version of the affair—

"When I saw the horse offered for sale, I examined his eyes, and finding them full and not broken, the idea struck me that Dr. North's Cherokee Liniment would cure them, as I had used it in so many bad cases of injuries on horses, particularly, a case of Fistula, which I cured with this Liniment. I began to think that it would cure almost anything on a horse I bought the horse, and immediately commenced using the Liniment, by pouring a little into the socket over the eye, every day, (not into the eye but over it,) and in about four weeks his eyes were perfectly restored, and I consider the horse worth $100, which leaves me $60 clear profit, on an investment of one dollar in the Cherokee Liniment.

Springfield, Ill. J. STRINGHAM."

☞ Mr. S. is well known in our city, and if one doubts the above statement. We can satisfy them in fine minutes of its correctness.

VERY IMPORTANT INFORMATION.

DR. JOHNS, one of the most celebrated Physicians in New York, writes as follows:

DR. CURTIS—*Dear Sir*:—Having witnessed the excellent effects of your *Hygeana or Inhaling Hygean Vapor and Cherry Syrup*, in a case of chronic bronchitis, and being much in favor of counter-irritation in affections of the throat, bronchial tubes and lungs, I can therefore cheerfully recomend your Medicated Apparatus as being the most convenient and effectual mode of applying any thing of the kind I have ever seen. No doubt thousands of persons may be relieved, and many cured, by using your remedies.

CONSUMPTION! CONSUMPTION!

Dr. Wm. Hall's Balsam for the Lungs,

—FOR THE—

Consumption, Decline, Asthma, Bronchitis, Wasting of Flesh, Night Sweats, Spitting Blood, Whooping Cough, Difficulty of Breathing, Colds, Coughs, Influenza, Phthisic, Pain in the Side, AND ALL DISEASES OF THE CHEST AND LUNGS.

DR. HALL'S BALSAM contains no *Opium, Calomel*, or any mineral poison, but is composed mostly of those roots herbs and vegetable substances which have a specific influence upon the lungs and their connected organs. The *immediate effect* is to allay all irritation and gently remove the *phlegm* and other morbid secretions from the throat and Air Passages, thus relieving the Cough, *by subduing the inflammation* and other causes which give rise to it. It also stimulates and imparts a healthy tone to the Lungs themselves, thereby enabling them more thoroughly to remove from the blood those impurities and diseased particles, which, if retained, do so much mischief in the system, and lay the foundation for incurable CONSUMPTION. It also exerts a decided action upon the skin, and assists nature in expelling through the Exhalents, much of that morbid matter which would otherwise be thrown back upon the Lungs, thus relieving them of a part of their work, and rendering the system pure and healthy. When tubercles are forming, it checks their development and further progress; or if ulceration has taken place. It assists the lungs in throwing off the corrupted matter, soothes the irritation, heals the ulcerated cavities, and restores them again to healthy action. This medicine, therefore, is not a *palliative* merely, which only relieves for the time being, but is a *thorough curative*, as it strikes to the very root of the disease, and by removing it, removes at once all its remote and attendant consequences. This is its *distinguished characteristic*—a property possessed, in equal power, by no other medicine of like nature, now before the public.

LEASE AND FURNITURE OF THE

Alton House, in Alton, for Sale.

THE Proprietor of this Establishment, wishing to retire from the business, will sell the lease and furniture of this Hotel to a good Hotel keeper, on reasonable terms; and also the stock of Livery attached—consisting of Horses, Buggies, Hacks, Carriages, Harness, Saddles, &c. Both together would suit two good men, who can carry on such a business jointly.

This old established Stand is too well known to need much comment. For the last five years, it is enough to say it has a good and profitable business. The house contains about 80 rooms, and is well furnished—one-half of the Furniture purchased within the last year.

It is very eligibly located on the corner of Front and Ally streets, about midway between the Depots leading to Chicago and Terre Haute, and commands a fine view of the river. This presents a rare opportunity for engaging in an active and profitable business. For terms, and further particulars, address the undersigned at Alton, Illinois.
